**SUPPLEMENTARY DECLARATION OF DAVID MOORE AND STATEMENT OF
FACTS IN SUPPORT OF FILING ON BEHALF OF NON-SIGNING INVENTORS
UNDER 37 CFR 1.47**

David Moore, being duly warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful statements may jeopardize the validity of the application or any patent resulting therefrom, declares that:

1. This declaration is supplementary to the declarations of David Moore dated August 29, 2003 and September 1, 2003.
2. As part of the process of completing formalities associated with the filing of the application herein, and in my capacity as Chief Financial Officer of Red Sheriff Limited, I received from Brown Raysman Millstein Felder & Steiner LLP (BRMFS) a statutory declaration stating that the inventors were the first, original, and joint inventors of the subject matter described and claimed in the Application, as well as copies of the Application, including the specification, claims and drawings. Packages were prepared to be sent to each non-signing inventor, each package including the declaration, a copy of the Application, including specification, claims and drawings, as well as a cover letter requesting the inventors sign and return the declaration (see exhibit 4 for copies of the Application including the specification, claims and drawings, as included in the packages to each of the non-signing inventors).
3. The declarations and copies of the Application, including the specification, claims and drawings, were sent to non-signing inventors Lim Or Sim and Yee Han Cheong as two separate

packages on 16 December 2002 by courier. Each of these deliveries was signed as received on that date. A copy of the courier receipts indicating delivery of those packages is attached as Exhibit 1.
